How NIP Group and Evident Work Together

- 1. Integrated Risk Management:** NIP Group leverages its 50+ years of underwriting experience and industry focus to provide custom, comprehensive insurance products. Evident's software integrates seamlessly with NIP Group's systems to automate COI collection and tracking for policyholders.
- 2. Discounted Pricing:** NIP has negotiated discounted pricing for all policyholders, enabling you to implement the industry leading COI Tracking solution at the lowest possible cost.
- 3. Automated Compliance Tracking:** Evident's platform automates the collection, verification, and monitoring of COIs, enabling you to focus on your core business while maintaining compliance.
- 4. Reduced Claims:** With NIP Group's extensive safety management resources, including a +15% average reduction in claims frequency and severity, combined with Evident's real-time COI tracking, your business will experience fewer claims, lowering your total cost of risk.
